Scores: Writing _____ Date _____ Reading _____ Date _____ Math _____ Date: _____

Pursuant to s.1008.30, students who scores at Level 2 or Level 3 on the reading portion of the grade 10 FCAT or Level 2, Level 3, or Level 4 on the mathematics portion must take the PERT. Pursuant to State Rule 6A-10.0315, students who do not meet or exceed college-ready scores on the PERT, ACT, or SAT must complete postsecondary preparatory instruction prior to high school graduation (see course list above). Completion of remediation in high school does not satisfy the requirement for demonstrating college readiness. Students who complete the remedial course may be given an opportunity to retake the PERT to score college-ready and avoid required enrollment in college preparatory communication and computation coursework at MDC.

High school students (public, private, and home-schooled) only have two attempts to take the PERT during their high school career. The initial test counts as the first attempt and re-taking any subtest counts as the second and final attempt. The student will not be eligible to take the PERT again until they graduate from high school and apply to college.

Dual Enrollment students at Miami Dade College must meet the unweighted minimum grade point average (GPA) eligibility as follows: a 3.0 GPA for college credit classes or a cumulative weighted 2.5 GPA for SLS courses.

I certify that this student is allowed to test as identified above.
